AS RAS MOBİLİTE;

We consider acting with a sense of social responsibility as a fundamental element of our management approach.

The key principles we adopt in our social responsibility practices are as follows:

- We fulfill our social and environmental responsibilities in all areas where we operate.
- We consider our human resources as one of the most important elements of sustainable supply; we ensure that our employees fully and accurately exercise their employment rights. We treat our employees with honesty and fairness, and we commit to providing a safe, healthy, and non-discriminatory working environment.
- We ensure that our ethical and moral values are known and embraced by all our stakeholders.
- We believe that all our employees have the right to work in conditions that respect human dignity and in a healthy and safe environment. Our employees are our most valuable asset, and ensuring and protecting their safety is one of our primary business objectives.
- We act with the awareness that we are responsible for identifying and implementing improvement and development activities to minimize the environmental impacts arising from all our operations.
- Within the framework of our corporate social responsibility principles, we strive to contribute to the development of our society. We support our employees in voluntarily participating in appropriate social and community activities with a sense of social responsibility.
- We act with sensitivity towards the traditions and culture of our country and comply with all applicable legal regulations.
- We fully and timely fulfill our legal obligations towards official authorities.
